No 480 of 1915.

Assistant Collector & President T. L.

Board Shiggaon.

To,

The Collector of Dharwar.

Sir,

With reference to your No. T/213 dated the 17th ultimo I have the honour to Submit Copies of 15 resolutions passed by the Bankapur Taluka Local Board on the subject of contributing to the Construction and upkeep of the Bankapur Hattimattur Road.

2. Up to the present, the Board has paid the following Sums.

1. Rs- 833-5-4 on 19-12-1910 apparently as a contribution of 1/3rd of the Cost of construction.

2. Rs- 200/- on 3-7-1912 } towards the Cost of
3- Rs- 200/- on 30-8-1913 } maintenance.

3 The Board has thus paid Rs- 1233-5-4 for a work outside its jurisdiction without obtaining the Sanction of Government.

4 The records have been searched but no resolution
can be found undertaking to pay Rs-200/- a
year in perpetuity towards the maintainance of
the Road. I understood from the Board's resolution
passed on 6-1-1913 referred to in your no. 4513 of
the 13th June 1914, that this was the case, but
apparently I was wrong. The Board has
not undertaken any liability except the
provision of Rs 1500/- in 5 annual instalments
towards the cost of metalling the Road. The re-
solution of 29-6-1911 makes it clear that it
was at the President's special request that
the Board provided Rs 200/- in the next year
towards the maintainance of the Road and this
contribution was continued in 1913-14. In spite
of a resolution passed on 3-2-1912 at a meeting
held under the Chairmanship of the President
to discontinue the payment of the Contribution
on the ground that the Road was of no use to
the Taluka and a similar resolution passed
on 1-10-1912. Why these two resolutions were
not kept is not clear, but it seems that

Rs 200/- for ordinary ~~resolutions~~ maintainance were provided by the resolution passed on 17-4-1913 in order to evade the call to pay Rs 1500/- towards the cost of metalling the road. I regret that I cannot throw any further light on the Resolutions, some of the letters referred to there in not being forth coming in the Boards office but it is abundantly clear as I have already pointed out, that the board has always been strongly opposed to the grant of any money for the construction or the maintainance of this road and has been forced by official pressure to contribute what it has done.

5 I do not agree with the board that the road is useless to the inhabitants of the Shiggaon Taluka but it is obviously of far greater utility to the people of the town of Savanur than to anyone else and the proposal to construct it appears to have originated there. It is admitted that

to be called on to pay any part of the cost of maintaining the road. The Assistant Collector, II Division has estimated the cost of acquiring the land for this road, apparently in the Haveri Taluka which has not yet been done, at Rs 350/- and has asked the Divan to provide this sum and to recover their shares from the Shiggaon & Haveri Taluka Local Boards. The share of the Shiggaon Taluka Local Board will be Rs 116-10-8. What the cost of metalling the road has been is not known and may kindly be ascertained. The Board agreed in its latest resolution of 29-8-1914 to pay Rs 1500/- towards this in 5 equal instalments and from this amount or whatever 1/3rd of the cost of metalling the road may be, should I think be deducted the sum of Rs- 400/- which the board has already paid for maintenance. I have consulted the members of the Board and can say that they are prepared to sanction the payment of Rs 1216-10-8 in instalments,

provided that the Board [illegible]t called on to pay
anything towards the cost of ordinary or
special repairs in future.

7. The accompaniments to your No 2/513 of the 13th June 1914 which have been inadvertently detained in this office are returned.

Subject :- Contribution for the upkeep of Pala-Badami Road - Savanur State.

Reference :-Your No.367 dated 20-4-1918.

My friend,

I have the honour to state that the President D.L.B. informs me that copies of Executive Engineer's certifi-cates showing what amounts have been spent on the Pala-Badami Road within Savanur State limits have already been submitted along with the bills for ½ the cost of repairs preferred in accordance with the arrangement concluded in 1894. If you desire details of the actual expenditure they will be obtained from the Executive Engineer, in whose charge the road is on behalf of the District Board. Arrears are due for 1915-16, 1916-17 and 1917-18 and in his letter No.151 of 28th march 1917 the Divan informed the Chairman, District Local Board that the State's moiety for 1915-16 would be paid during the next year so that apparently the Executive Engineer's certificate for 1915-16 has been accepted. As regards the Savanur Hattimattu road the President infoms me that the matter is pending as the Divan has not yet furnished the information as instructed by you.

RGS.

Yours sincerely,

Sd/. E.G.Turner.
